

METHOD TO PREPARE DRY COLOURS

Sr.No.	Dry Colours	Method
1.	Blue	The Jacaranda flowers can be dried in the shade and ground to obtain a beautiful blue powder
2.	Green	Use henna/mehandi powder , separately or mixed with flour/arrowroot Powder. Dry and finely powder the leaves of Gulmohar
3.	Red	Dry red hibiscus flowers in shade and powder them, any flour may be added to increase quantity
4.	Yellow	Mix two teaspoons of Turmeric powder with double quantity of Besan (gram flour) for mixing wheat flour, Maida, Talcum powder, Multani mitti can also be used.

Let's Celebrate Eco-friendly Tilk Holi
[Do's & Don'ts]

1. Avoid cutting green trees for Holi.
2. Collect dead wood and leaves for burning.
3. Practice Small sized bonfire.
4. Organize Symbolic community fire
5. Use combustible waste material rather than wood like coconut coir, saw dust, agricultural waste.
6. Celebrate dry Holi to avoid wastage of water.
7. Avoid burning plastic, tyres in the Holi.
8. Teach children to make their own herbal colours.
9. Don't use hazardous chemicals.
10. Don't through water balloons on passerby.
11. Don't use muddy water.
12. Don't use moter bikes without silencers.
13. Don't use loud speakers.
14. Prepare holi colours from dry leaves.
