13/2/25

Subject: **Conducting Heritage Impact Assessment Study for Construction of Covered Verandah in front of Court Room No.1 in Hon'ble Punjab and Haryana High Court, Sector-1, Chandigarh from IIT Roorkee:- Reg: Stakeholder Consultation.**

Dr. Ram Sateesh Pasupuleti, Associate Professor Department of Architecture and Planning Indian Institute of Technology Roorkee vide E-Mail dated 11.02.2025 (copy enclosed) has requested for conducting **the stakeholder consultation of the ongoing project: HIA report for construction of covered verandah in front of Court Room 1, Punjab and Haryana High Court, U.T Chandigarh.**

He has further informed that the primary objective of conducting stakeholder consultation for preparing the Heritage Impact Assessment Report for Punjab and Haryana High Court Chandigarh is to allow their views and concerns to be meaningfully considered in the assessment process. As per the UNESCO Guidance and Toolkit for Impact Assessments in a World Heritage Context, 2022, this approach will promote more participatory decision-making. Moreover, the proposed project (construction of a covered verandah) is located in the inscribed property and includes intervention within the Heritage building (High Court), making it significant to involve a wide range of stakeholders in this consultation process. They have considered the involvement of three stakeholder groups at this stage. These consist of:

1. **Experts:** This group of stakeholders will include the experts from Heritage Conservation and Architectural domains such as Chandigarh Heritage Conservation Committee, Architects and other professionals from the fraternity, etc.
2. **Users of the High Court building:** This group includes Advocates, Litigants and other court employees (stakeholder consultation with the Judges is intended to be conducted in-person).
3. **General public:** This group of stakeholders includes the citizens of Chandigarh."

The following link has been created Google forms to collect the stakeholders responses:-

Link for General Public: <https://forms.gle/CjjqJzs8Qz5Qni8o9>

It is requested to circulate the link form through Print/ Digital Media such as Chandigarh Administration website, newspaper ads etc. This will be crucial to augment the response collection from the citizens of Chandigarh. Please note that the response collection will close on 24th February, 2025.
